## Eline Zegers - Flirting and Dating For Gay Women

A Practical Guide Book For An Amazing Love Life

PERSONAL DEVELOPMENT

Many women are afraid to approach and flirt with other women. The result is that no one makes a first move, wasting many opportunities for female relationships. Such a shame! And totally unnecessary. This guide book will provide you insight in how attraction works and navigates you through the female dating jungle towards your Princess Charming.

Learn how to become better at flirting, seduction, and dating with other women, and how to become the most attractive version of yourself. The dating process is explained from A to Z in recognizable situations, common problems, and personal stories. From approaching someone to kissing. From flirting to asking for someone's number. From dating to declaring your love. Take action, find that wonderful partner (or fling(s)) and have an amazing love life.

## ABOUT THE AUTHOR

**Eline Zegers** came out as a lesbian after graduating Law School at the University of Utrecht. And because flirting and dating with women turned out to be more complicated than she thought, she had little success with love. To improve her love life, she devoured books, articles, and videos about attraction. She put these lessons into practice in her nightlife and the lesbian scene. Eline has become an experience expert in flirting, dating, and seduction, and is a dating coach.
